

# the Journal of Molecular Diagnostics

<http://jmd.amjpathol.org>

**The Journal of Molecular Diagnostics**, the official publication of the Association for Molecular Pathology, co-published by the American Society for Investigative Pathology, seeks to publish high-quality original papers on scientific advances in the translation and validation of molecular discoveries in medicine into the clinical diagnostic setting, and the description and application of technological advances in the field of molecular diagnostic medicine. The editors welcome for review articles that contain: novel discoveries or clinicopathologic correlations including studies in oncology, infectious diseases, inherited diseases, predisposition to disease, or the description or polymorphisms linked to disease states or normal variations; the application of diagnostic methodologies in clinical trials; or the development of new or improved molecular methods for diagnosis or monitoring of disease or disease predisposition.
